### Trainer

**Dr. Barb Brady** - Executive Director, Inspiring Dreams Network  
ACES Awareness Task Team Chair, ACES Coalition of WV

The youth you work with may struggle with trauma effects of **adverse childhood experiences** (ACES). ACES often lead to behavior relationship, and learning problems. This ACES training series is intended to help parents and adults who serve youth better understand the impact of ACES and to learn some best practice strategies to help youth and families overcome and prevent the future occurrence of ACES, changing lives in a positive direction.
